🚀 Aspiring Full-Stack Developer | Frontend Enthusiast | Tech Innovator

A passionate and highly motivated Computer Science Engineering student with a knack for designing visually appealing, user-friendly web applications. Experienced in building interactive projects using HTML, CSS, JavaScript, and Bootstrap. Eager to expand expertise into full-stack development and contribute to real-world applications.

🎓 Education

Bachelor of Technology (B.Tech) in Computer Science & Engineering

University Institute of Technology, Shimla, India | 2021 - 2025

💻 Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript, Bootstrap
 - **Tools & Platforms:** GitHub, GitHub Desktop, VS Code
 - **Learning:** React.js, Backend Development (Node.js, Express, MongoDB)
 - **Soft Skills:** Problem-Solving, Team Collaboration, Quick Learner
-

💡 Projects

✅ Portfolio Website (Ongoing)

- Designed a personal portfolio using HTML, CSS, Bootstrap, and JavaScript to showcase my skills and projects.

✅ Quiz App

- Developed a dynamic and interactive quiz application using HTML, CSS, and JavaScript.
- Features include real-time score updates, timer functionality, and engaging UI.

✅ Omnifood Website Clone

- Built a responsive and visually appealing food delivery website clone.
 - Implemented smooth animations, modern UI design, and optimized layout.
-

🏆 Achievements & Certifications

- Completed Web Development Bootcamp (Ongoing)
 - Recognized for Problem-Solving Skills in college projects
-

Internship & Work Experience

- Seeking internship opportunities to gain hands-on industry experience.
-

Goals & Interests

- Transition into Full-Stack Development (MERN Stack).
 - Develop scalable web applications with React.js & Node.js.
 - Contribute to open-source projects and participate in hackathons.
-

Let's Connect!

I am eager to join a fast-paced startup environment where I can leverage my frontend skills while expanding my backend knowledge. Open to internships, freelance projects, and collaboration opportunities.
